Welcome from the Principal

Welcome and thank you for your interest in Abbey School.

Our Independent day and residential school provides a unique environment of high-quality, evidence-informed education, nurture and care to young people aged 4-19 with autism, whom may have additional learning difficulties and behaviours that challenge. We offer a comprehensive programme of support which ensures that all of our pupils' individual needs are met through highly personalised learning.

We are privileged to benefit from a truly wonderful location. Our school is housed in stunning Grade II* listed buildings, part of historic Abbey Square in the heart of the beautiful city of Chester. Our fantastic team of architects have designed a well-equipped and high-tech learning environment for us, whilst maintaining the beauty of the buildings and surroundings for our pupils to enjoy. We make full use of our environment and location with a creatively designed curriculum that includes focused learning and enrichment activities that support wellbeing. This enables all of our young people to experience growth, development and success.

Our highly skilled and specialist staff team includes teachers, learning and behaviour specialists, speech and language therapists and occupational therapists. This trans-disciplinary focus ensures that each pupil's individual needs are understood, accurately planned for and closely monitored as part of day-to-day school practice.

I am extremely proud to be the Principal of Abbey School, a place where pupil-centred practice is the norm and where the voice of the young people we support and their families is central to all that we do. It really is a very special place to work and learn.

Yours sincerely

Dr Katy Lee

About our School

Abbey School is an Independent Day and Residential Special School for young people aged 4-19 with autism, whom may have additional learning difficulties and behaviours that challenge. We provide high-quality education and care in our beautiful Grade II* listed buildings in the heart of Chester. All young people attending Abbey School have an Education, Health and Care Plan (EHCP) with school places commissioned and funded via local authorities. Weekly, half termly or termly residential school places are available for young people who would benefit from a waking day curriculum. We work in close partnership with families and carers with support, information sharing and workshop opportunities available throughout the academic year.

Abbey School is aspirational for all of the young people that we support. This aspiration is captured in our vision, mission and values which are central to all that we do at Abbey School.

Vision

Our vision is that all children with exceptional needs receive a meaningful and fulfilling education that enables them to make their own choices about the direction of their adult lives.

Mission

Abbey School exists to provide the best education possible for young people with exceptional needs.

Values

- Special educational needs and/or disability should not be a barrier to a valued lifestyle.
- Every pupil is a unique individual with potential.
- All children and young people without exception are entitled to access the best education and support available.
- Best practices in education are evidence-based.
- Teaching and learning decisions should be evidence-driven.
- Clear goals make data-based decisions more numerous and effective.
- Education is for everyone and for the whole of a person's life.
- Learning is enabling, empowering and extends the boundaries of autonomy.
- If a pupil is not learning, it is the teaching that needs to change – the learner is always right.
- The pupil voice should be heard and respected.

Every decision we make is framed in the context of the Abbey School BAGS model.

B – Belonging and connection – being part of a community and having a network of valued relationships.

A – Autonomy and control – having influence over day-to-day and life defining matters.

G – Gifts and talents – doing even better the things that are done really well, and learning to do things that are important but may not be done at all.

S – Speaking, listening and a sense of self – communicating effectively in a variety of ways not just speech, and having an identity that defines who I really want to be.
